Message Challenge to New Democratic Congress

WEST BERLIN DISCUSSED BY MIKOYAN

BULLETIN

CHICAGO (AP)—Boeing, shouting pickets greeted Soviet Dep. Premier Anastas I. Mikoyan in Chicago today despite President Eisenhower's call for a show of courtesy to visitors from abroad. The plane bearing the Soviet Union's No. 2 man touched down at Midway Airport at 10:48 a. m. at the end of a flight from Detroit where Mikoyan was the target of snowballs and a few eggs. Mikoyan emerged from the plane waving his hat and smiling. He left by a gate at the extreme north end of the field, and that's where the demonstrators were waiting for him. The pickets began a barrage of shouts and boos that lasted until Mikoyan entered a limousine and was driven away.

Familiar Faces In De Gaulle's French Cabinet

By HARVEY HUDSON

PARIS (AP)—Some familiar faces appeared in different Cabinet spots today, but the French government was still heading down the track surveyed by Charles de Gaulle.

Installed Thursday as the first president of the Fifth Republic, De Gaulle may open his seven-year term with some measures of amnesty, especially for prisoners in Algeria.

Michel Debre dropped into De Gaulle's former job of premier, but the post wasn't the same any more. While De Gaulle held the job with strong emergency powers for seven months, Debre as minister of justice wrote the Fifth Republic's constitution to give more power to the president and reduce the prerogatives of the premier and the National Assembly.

One power now removed from the Assembly enabled Debre's Cabinet to go right to work. The Assembly no longer has to approve the Cabinet first and can remove it only by a membership majority, which at the same time must agree on a new Cabinet.

Publisher Claims She Was Robbed of \$1,165

PITTSBURGH (AP)—Police are searching for a man who reportedly stole \$1,165 from Mrs. Virginia Finlon, 38, of North Braddock, after she left a tavern in Chalfont Borough.

Mrs. Finlon, publisher of the Braddock Free Press, said the man kicked and slugged her Thursday night, then fled with her purse containing the money.

Mrs. Finlon had withdrawn the money Thursday from a Braddock bank but did not indicate why she had it with her.

GOP Leaders in House Ask More Voice in Policy Talks

WASHINGTON (AP)—The new Republican leaders in the House are calling for more recognition by the White House in formulating future legislative policy.

Notice that the Republican minority in Congress does not intend to be a White House "rubber stamp" came from Rep. Charles A. Halleck, newly elected GOP leader of the House.

This new evidence of Republican unrest took form as President Eisenhower prepared to go before Congress today to outline in broad terms the legislative program he wants from the heavily Democratic 86th Congress.

Elephant Tramples Former Handler

ROCHESTER, N. Y. (AP)—Sally, an Indian elephant that apparently forgot a former handler, trampled him to death Thursday.

Harold B. Cannon, about 40, was killed when he entered Sally's enclosure at the Seneca Park Zoo. He had returned to work at the zoo only three days before. Wilbur E. Wright, city parks director said the 40-year-old elephant would be destroyed.

Two Gunmen Are Routed By Woman With a Good Aim

LONG BEACH, Calif. (AP)—A lady pharmacist with a strong throwing arm routed two gunmen Thursday night with a barrage of bottles.

Mrs. Marian Buckmaster ducked behind a counter when the bandits tried to hold up cashier Marlene Hair, 21, on the other side of the drug store.

She opened her attack with a pint of iodine. The bottle hit one man on the side of the head and broke. The gun in his hand discharged, sending a bullet into Miss Hair's toe.

Mrs. Buckmaster executed a flanking maneuver behind the cover of her counter, popped up and hurled a quart bottle of cough syrup. It smashed on the counter next to the gunmen, drenching them.

The bandits went into a sticky retreat, firing wildly about the store at their unseen foe. One bullet smashed into a perfume display, spreading an overpowering aroma over the battlefield.

As the bewildered, bespattered bandits turned and fled Mrs. Buckmaster loosed a final salvo. She was a little high with the hair oil, missed to the left with the shampoo, but nicked one fleeing figure with the mouth wash.

The dog, Keeno, a Norwegian elk hound about 3 years old, appeared in the playground outside Bexley Cassingham School in suburban Bexley.

Police charged the dog's owner with allowing a vicious dog to run loose.

Mrs. Rockefeller Sews On First Union Label

NEW YORK (AP)—The honor of sewing on the first union label in the women's garment industry goes today to Mrs. Nelson A. Rockefeller, amateur seamstress and wife of New York's millionaire governor.

Mrs. Rockefeller developed her sewing technique during the political campaign last fall.

David Dubinsky, president of the International Ladies Garment Workers Union, arranged a ceremony in a garment center factory today for Mrs. Rockefeller to sew a union label into a dress.

Dubinsky's purpose was to help popularize his union's new label.

HAVANA (AP)—Fidel Castro charges that certain revolutionary elements are hiding arms for use against his leadership. He announced weapons and ammunition were seized from Havana's San Antonio barracks by dissident elements Wednesday.

This somber note emerged in the Cuban capital's joyous reception of the bearded civil war hero.

He warned his cheering supporters Thursday night they must guard their victory against both diehard backers of deposed dictator Fulgencio Batista and certain revolutionaries.

Addressing a crowd of 30,000 at Camp Columbia, the army headquarters just outside Havana, Castro appealed to public opinion to halt contraband traffic in arms and leave "the little leaders" without troops.

He said some dissident elements—which he did not identify—had raided the barracks and seized a number of machine guns and rifles and 80,000 cartridges. The exact number of weapons was undetermined.

Castro said this was an affront to both himself as commander in chief and to his Havana area commander, Maj. Camilo Cienfuegos.

There are many varying elements within the revolution who may find themselves at cross purposes as events unfold, despite the look of solid unity at this moment.

Castro told the Camp Columbia rally that the next 5 to 15 years will tell whether the Cubans will profit from the victory over dictatorship.

Senate G. O. P. Leaders Heading For New Battle

WASHINGTON (AP)—Senate Republicans appeared heading today toward another liberal vs. conservative battle—this time over chairmanship of their Senatorial Campaign Committee.

Reports circulated among GOP members that Sen. Leverett Saltonstall of Massachusetts, chairman of the party conference, was talking at the proposed appointment of Sen. Barry Goldwater of Arizona as head of the group charged with directing efforts to elect GOP senators in 1960.

Some of his colleagues said Saltonstall had indicated he believed the selection of Goldwater (Turn to Page Nine)

Monitors Seeking Broad Powers To Break Hoffa Rule

WASHINGTON (AP)—Teamsters Union monitors hope to get today broad court powers to force a real cleanup of the Teamsters Union.

The monitors carried to U.S. District Judge F. Dickinson Letts an order for his signature implementing the court's ruling last Dec. 11. The court found then that Teamsters President James R. Hoffa has been frustrating and blocking monitor-suggested reforms.

The order would give the monitors powers to break the machine that helps Hoffa rule the 1,600,000-member Teamsters.

Hoffa's lawyers were prepared, however, to urge Judge Letts to tone down the order, particularly one part aimed at barring Hoffa from holding a special union convention in March.

Martin F. O'Donoghue, chairman of the three-man monitor board, said the monitors have a long list of complaints against Hoffa but have delayed acting because of a running battle with the Teamsters over the extent of monitor powers.

Test Vote on Filibuster Is On Schedule

BULLETIN

WASHINGTON (AP)—The Senate today turned down a key proposal designed by civil rights advocates to clear the way for a tight new curb on filibusters. The roll call vote was the first test of strength in the swirling battle over rules touched off with the start of the new Senate session two days ago. It marked a striking victory for Democratic Leader Lyndon B. Johnson (D-Tex.) and other Democratic and Republican Senate leaders backing a compromise offered by Johnson.

By JOHN CHADWICK

WASHINGTON (AP)—The Senate drove toward a key test vote today on the power of senators to filibuster civil rights measures and other legislation to death.

The test was on a motion to table and thus kill a proposal of Sen. Clinton P. Anderson (D-NM) designed to establish that each new Senate has the right to determine its own rules by a majority vote.

The vote, first scheduled Thursday, was postponed until today. Anderson's motion was the first in an effort of a bipartisan group of Northern and Western senators to put a tight curb on filibusters.

They said that if they lost out on this first round, they would attempt to change more to their liking a compromise antifilibuster resolution of Majority Leader Lyndon B. Johnson (D-Tex.).

It was Johnson who offered the motion to table Anderson's proposal.

Sen. Jacob K. Javits (R-NY), one of the coalition leaders, said the showdown on Johnson's tabling motion would be "the decisive vote on this whole question."

Opponents of a change in Senate rules contend that adoption of Anderson's motion would leave the Senate without any rules and open up a Pandora's Box of confusion.

In a move to counter that argument, the coalition forces planned to revise the proposal somewhat before the showdown vote.

Specifically, it would be revised to read that the rules of the Senate in the last Congress shall prevail in the new 86th Congress except for Rule 22, the antifilibuster rule.

Another new section would spell out that immediately following adoption of the resolution, the next order of business in the Senate would be to consider the revision of Rule 22.

Eighty Reported Dead In Bursting of Dam

ZAMORA, Spain (AP)—A dam on Lake Sanabria burst early today, unleashing a wall of water on the mountain village of Rivadello. More than 80 persons are known to have perished and many more are missing.

Houses in Rivadello, a town of 500 inhabitants, were swept away as if made of cardboard.

The dam broke at 12:30 a.m. and most villagers were asleep.

The Monacabril power station, on the western edge of the lake, and employees on duty there also were engulfed by the wall of water.

The disaster occurred in one of the most inaccessible sections of Spain. It posed no threat to American forces, whose nearest base is at Madrid, 190 miles to the southeast.

Presbyterian Synods Will Merge Tuesday

PITTSBURGH (AP)—Three Presbyterian synods in Pennsylvania will merge here next Tuesday to form the largest synod of the United Presbyterian Church in the U.S.A.

The action follows the organization of the church on a national scale out of the merger here last May of the United Presbyterian Church of North America and the Presbyterian Church in the U.S.A.

Two synods of the former United Presbyterian Church and one of the Presbyterian Church will join to form the Synod of Pennsylvania of the United Presbyterian Church in the U.S.A.

Bloodmobile Plans Visit Wednesday

With a little cooperation from the Weatherman and improvement of driving conditions, Warren County Red Cross Chapter will have a visit from the regional Bloodmobile from Buffalo next Wednesday.

Equipment will be set up at chapter headquarters, 404 Market street, between the hours of 10:00 a. m. and 3:45 p. m., and it is hoped that all who are unable to schedule a visit in advance will drop by during that period to help the Blood Program workers reach their desired quota.

The recruiting committee also asks that area persons return the cards which have been mailed to them.

Illinois Nimrod Is Sentenced in Hunting Mishap

One of the few hunting mishaps ever to be brought to court in Warren County was heard by Alexander C. Flick, Jr. during Quarter Sessions this morning.

Robert T. Tolen, about 30, of Mattoon, Ill., was fined \$400 by Judge Flick after the man pleaded guilty to shooting a man in mistake for a deer.

The stuff law for violators of this particular section of the game code provides that first offenders may be sentenced from one to three years in prison and be fined up to \$500.

However, District Attorney Samuel F. Bonavita pointed out that Tolen had offered all the help he could in this instance and that Warren County did not wish to discourage those who come here to hunt. He did not ask for a prison sentence.

Game Protector David Titus said that on Dec. 2, Tolen was hunting up Reynolds Run Road in Pine Grove Township when he saw a deer dart into the woods. About 50 yards away something moved in the hemlock. Titus said. Tolen fired his 30-30 Winchester and the movement stopped. Then he fired again and struck George Joy, 36, of RD 1, Russell, in the upper right arm.

Tolen rushed to his aid, later ran for help after applying a tourniquet. According to his story, two doctors who happened by in a jeep took the wounded man to the hospital about five minutes afterwards.

Judge Flick observed that the \$400 fine imposed was payable to the wounded party. Attorney C. Henry Nicholson, who represented Joy, pointed out that his client had already incurred more than \$300 in doctor bills and was still undergoing considerable inconvenience and suffering, being unable to return to work. Nicholson added that just because Tolen had (Turn to Page Nine)

Flynn Scoffs at Denials He Was In Cuban Uprising

NEW YORK (AP)—Actor Errol Flynn flew in from Cuba Thursday and scoffed at denials by some rebels that he took part in the mountain campaign of victorious Fidel Castro.

He alighted at Idlewild International Airport wearing a blue blazer with red buttons, blue slacks, and carrying a black walking stick. Around his neck he had a black bandana decorated with a number of emblems.

Flynn said Castro told him the "emblem was to be the new flag of Cuba when he gave it (the bandana) to me." The actor said he left Castro Saturday night. Castro made a triumphant entry into Havana Thursday.

As for reports he was not in the revolutionary campaign, Flynn said: "I think it is envy and animosity. I was the first and there before anyone gave this guy a hope."

Flynn said he was in Cuba for two months, most of the time with the Castro forces. The Cuban leader told him, Flynn said, "that from the morale point of view it (his being there) helped. Being an American of some prominence—this helped these men who had been fighting for 5½ years."

IKE ASKS FOREIGN POLICY DEDICATED TO BUILDING A JUST PEACE IN THE WORLD

WASHINGTON, (AP)—Here in outline are the main points of President Eisenhower's State of the Union message today.

Over-all objective: "To promote strength and security, side by side with liberty and opportunity."

Lines of approach:

1. Seek to prevent war at any place in any dimension by assuring strong armed forces without useless expenditures.
2. Maintain a strong and expanding economy, fighting inflation and providing better opportunities for Americans.
3. Pursue a foreign policy dedicated to building a permanent and just peace in a world community of strong, stable independent nations.
4. Strengthen individual freedoms by new legislation in the fields of civil rights and labor-management relations.
5. Work for the cause of freedom under law throughout the world.

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—President Eisenhower today challenged the heavily Democratic new Congress to meet the Communist threat by living within his 77-billion-dollar budget and working toward tax relief "in the foreseeable future."

In a State of the Union message outlining administration plans for building a better and stronger America in this space age of catastrophic war possibilities, the President said his formula is designed to preserve this nation's way of life.

Useless expenditures, he said, "might tend to undermine the economy and therefore the nation's safety."

His 5,000-word address, prepared for personal delivery at a joint session of the Senate and House, also set forth these other highlight proposals calling for:

1. Enactment of new civil rights legislation to be submitted to Congress soon. Without being specific about the legislation, the President deplored closing of some public schools in the integration controversy, and pledged anew he will take every action necessary to enforce the law as interpreted by the courts.
2. New laws aimed at wiping out "corruption, racketeering, and abuse of power and trust in labor-management affairs." Eisenhower expressed disappointment the last Congress, also Democratic-controlled, did not act in this field despite disclosures by the investigating committee headed by Sen. John L. McClellan (D-Ill.).

3. Amendment of the 1946 full employment law "to make it clear that the government intends to use all appropriate means to protect the buying power of the dollar." The President did not specify just what he has in mind, but he again called on labor and business leaders to exercise statesmanship to curb the wage-price spiral. And he announced he will set up a Cabinet committee on price stability for economic growth.

4. Passage of new farm legislation designed to reduce heavy federal outlays in that field eventually, and to assure "greater freedom for markets to reflect the wishes of producers and consumers."

As in the case of the others, Eisenhower went into no detail on the farm program. The specific provisions of all the programs will be set forth in a series of special messages to Congress in the next several weeks.

Eisenhower told Congress the nation's economy is strong and healthy, and that the 1958 business recession is fading into history.

"Personal income," he said, "is at an all-time high" (Turn to Page Nine)

He (Col. Henry) took offense at this study. Instead of welcoming constructive aid, he adopted a completely negative attitude," the Senator maintained.

Col. Henry was quick to answer Ehrgood's charges claiming "he has no basis for such a remark."

Ehrgood was highly critical of Col. Earl J. Henry, state police commissioner, who will resign Jan. 20.

More Emphasis On Science And Mathematics Proposed

By HERB LINNEN

HARRISBURG (AP)—Pennsylvania's top education official today unveiled a plan of action to help schools put more emphasis on science and mathematics in the classroom.

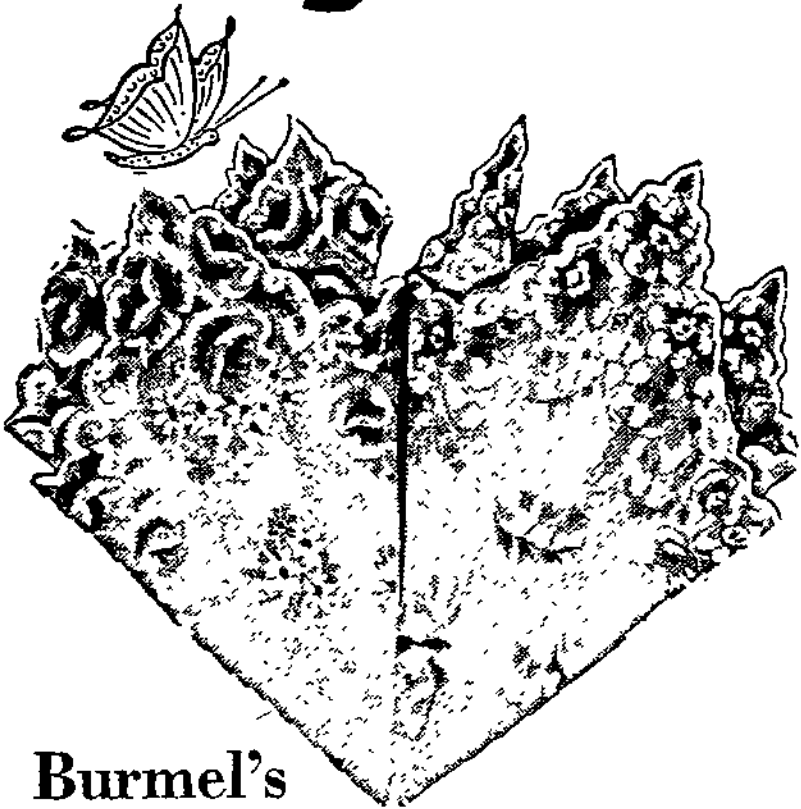

Dr. Charles H. Boehm, superintendent of the Public Instruction Department, said ultimate success of the program is tied to anticipated federal appropriations.

Boehm said the department was among the first in the country to submit details of its science training program to federal authorities as a first step toward getting appropriations.

"We are expecting word any day now of approval for our program," Boehm told The Associated Press. "Then we will have the money to do the job properly." Under the National Defense Ed-

Methodist Men Have Families For Gathering

SUGAR GROVE—The Methodist Men's Club of Lottsville and Sugar Grove churches invited wives and families of members to the regular meeting, with 45 persons in attendance. Clifford Storms presided and Edwin Young conducted the devotional service.

For the program, Dianne Sawyer and her puppet, Waldo, came from Corry to present an enjoyable entertainment. Mr. Butts, of Falconer, was present to demonstrate a mimeograph machine, since club members are considering purchasing such equipment for use by the two churches. Rev. Alvin Rhodes pronounced the Benediction and refreshments were served by the local group.

Local students returning to Pennsylvania State University Sunday included Judy Morando, Lynda Lyford, Marilyn Miller, Michael Zurkin and Peter Grant.

Mrs. Donald Gruber is a patient in Buffalo General Hospital, receiving treatment for rheumatoid arthritis.

Mr. and Mrs. Jay Lloyd Smith and three children, Baltimore, Md., spent a week here with their parents, Mr. and Mrs. Jay Leigh Smith, the children enjoying the deep snow. Carriell Swanson was also a guest at the Smith home.

Mrs. Walter Abbott and young son, Dennis, left Sunday for Philadelphia, where the child will undergo heart surgery early next week.

Mrs. Beatrice Hokanson, Olean, spent Monday and Tuesday with her sister, Mrs. Walter Storms. Weekend guests were Mr. and Mrs. Walter Storms and family, Friendship, N. Y.

Mrs. Kenneth Frank, 41, since she fell in her home several weeks ago, is a patient in the

Sir: In regard to statement in Wednesday's issue stating "The fluoridation debate is bound to bring heated discussions. Privately, its most staunch opponents are fearful that the measure will pass." The first sentence may be true, but I can assure you the second is not. I am one of a group of many must most vehemently oppose such a statement or assumption. I have talked to many staunch opponents Tuesday evening and called some Wednesday after reading the statement and not even one privately or otherwise is fearful that fluoridation will be approved. We believe if council will consider fluoride benefits vs. risks involved, over prolonged ingestion, they will vote the issue down 100% especially if they consider their own health. We believe that if they cannot honestly agree as to the opinion of the majority as being for or against fluoridation they will leave it for the citizens to decide at the polls, which everyone must admit would be a democratic solution regardless of final outcome.

One power now removed from the Assembly enabled Debre's Cabinet to go right to work. The Assembly no longer has to approve the Cabinet first and can remove it only by a membership majority, which at the same time must agree on a new Cabinet.

He warned his cheering supporters Thursday night they must guard their victory against both diehard backers of deposed dictator Fulgencio Batista and certain revolutionaries.

Addressing a crowd of 30,000 at Camp Columbia, the army headquarters just outside Havana, Castro appealed to public opinion to halt contraband traffic in arms and leave "the little leaders" without troops.

He said some dissident elements—which he did not identify—had raided the barracks and seized a number of machine guns and rifles and 80,000 cartridges. The exact number of weapons was un-

Castro said this was an affront to both himself as commander in chief and to his Havana area commander, Maj. Camilo Cienfuegos.

There are many varying elements within the revolution who may find themselves at cross purposes as events unfold, despite the look of solid unity at this moment.

Castro told the Camp Columbia rally that the next 5 to 15 years will tell whether the Cubans will profit from the victory over dictators.

Kindergarten Student Attacked by Big Dog

COLUMBUS, Ohio (AP)—The 19 children in Miss Barbara Druggan's kindergarten class were romping in the school playground Thursday when a big dog suddenly sprang at the throat of a 5-year-old.

The child, Suzanne Siegler, could only lay there, unresisting, as the animal tore at her face and neck. The wounds required nine stitches.

It was near lunchtime when the dog, Keeno, a Norwegian elk hound about 3 years old, appeared in the playground outside Bexley Cassingham School in suburban Bexley.

Police charged the dog's owner with allowing a vicious dog to run loose.

Mrs. Rockefeller Sews On First Union Label

NEW YORK (AP)—The honor of sewing on the first union label in the women's garment industry goes today to Mrs. Nelson A. Rockefeller, amateur seamstress and wife of New York's millionaire governor.

Mrs. Rockefeller developed her sewing technique during the political campaign last fall.

David Dubinsky, president of the International Ladies Garment Workers Union, arranged a ceremony in a garment center factory today for Mrs. Rockefeller to sew a union label into a dress.

Dubinsky's purpose was to help popularize the union's new label.

Senate G. O. P. Leaders Heading For New Battle

WASHINGTON (AP)—Senate Republicans appeared heading today toward another liberal vs. conservative battle—this time over chairmanship of their Senatorial Campaign Committee.

Reports circulated among GOP members that Sen. Leverett Saltonstall of Massachusetts, chairman of the party conference, was balking at the proposed appointment of Sen. Barry Goldwater of Arizona as head of the group charged with directing efforts to elect GOP senators in 1960.

Some of his colleagues said Saltonstall had indicated he believed the selection of Goldwater (Turn to Page Nine)

WASHINGTON (AP)—Teamsters Union monitors hope to get today broad court powers to force a real cleanup of the Teamsters Union.

The monitors carried to U.S. District Judge F. Dickinson Letts an order for his signature implementing the court's ruling last Dec. 11. The court found then that Teamsters President James R. Hoffa has been frustrating and blocking monitor-suggested reforms.

The order would give the monitors powers to break the machine that helps Hoffa rule the 1,600,000-member Teamsters.

Hoffa's lawyers were prepared, however, to urge Judge Letts to tone down the order, particularly one part aimed at barring Hoffa from holding a special union convention in March.

Martin F. O'Donoghue, chairman of the three-man monitor board, said the monitors have a long list of complaints against Hoffa but have delayed acting because of a running battle with the Teamsters over the extent of monitor powers.

Test Vote on Filibuster Is On Schedule

BULLETIN

WASHINGTON (AP)—The Senate today turned down a key proposal designed by civil rights advocates to clear the way for a tight new curb on filibusters. The roll call vote was the first test of strength in the swirling battle over rules touched off with the start of the new Senate session two days ago. It marked a striking victory for Democratic Leader Lyndon B. Johnson (D-Tex.) and other Democratic and Republican Senate leaders backing a compromise offered by Johnson.

By JOHN CHADWICK

WASHINGTON (AP)—The Senate drove toward a key test vote today on the power of senators to filibuster civil rights measures and other legislation to death.

The test was on a motion to table and thus kill a proposal of Sen. Clinton P. Anderson (D-NM) designed to establish that each new Senate has the right to determine its own rules by a majority vote.

The vote, first scheduled Thursday, was postponed until today. Anderson's motion was the first in an effort of a bipartisan group of Northern and Western senators to put a tight curb on filibusters.

They said that if they lost out on this first round, they would attempt to change more to their liking a compromise antifilibuster resolution of Majority Leader Lyndon B. Johnson (D-Tex.).

It was Johnson who offered the motion to table Anderson's proposal.

Sen. Jacob K. Javits (R-NY), one of the coalition leaders, said the showdown on Johnson's tabling motion would be "the decisive vote on this whole question."

Opponents of a change in Senate rules contend that adoption of Anderson's motion would leave the Senate without any rules and open up a Pandora's Box of confusion.

In a move to counter that argument, the coalition forces planned to revise the proposal somewhat before the showdown vote.

Specifically, it would be revised to read that the rules of the Senate in the last Congress shall prevail in the new 86th Congress except for Rule 22, the antifilibuster rule.

Another new section would spell out that immediately following adoption of the resolution, the next order of business in the Senate would be to consider the revision of Rule 22.

Bloodmobile Plans Visit Wednesday

With a little cooperation from the Weatherman and improvement of driving conditions, Warren County Red Cross Chapter will have a visit from the regional Bloodmobile from Buffalo next Wednesday.

Equipment will be set up at chapter headquarters, 404 Market street, between the hours of 10:00 a. m. and 3:45 p. m., and it is hoped that all who are unable to schedule a visit in advance will drop by during that period to help the Blood Program workers reach their desired quota.

The recruiting committee also asks that area persons return the cards which have been mailed to them.

WASHINGTON (AP)—President Eisenhower today challenged the heavily Democratic new Congress to meet the Communist threat by living within his 7-billion-dollar budget and working toward tax relief "in the foreseeable future."

In a State of the Union message outlining administration plans for building a better and stronger America in this space age of catastrophic war possibilities, the President said his formula is designed to preserve this nation's way of life.

Useless expenditures, he said, "might tend to undermine the economy and therefore the nation's safety."

His 5,000-word address, prepared for personal delivery at a joint session of the Senate and House, also set forth these other high priorities calling for:

1. Enactment of new civil rights legislation to be submitted to Congress soon. Without being specific about the legislation, the President deplored closing of some public schools in the integration controversy, and pledged anew he will take every action necessary to enforce the law as interpreted by the courts.

2. New laws aimed at wiping out "corruption, racketeering, and abuse of power and trust in labor-management affairs." Eisenhower expressed disappointment the last Congress, also Democratic-controlled, did not act in this field despite disclosures by the investigating committee headed by Sen. John L. McClellan (D-Ark.).

3. Amendment of the 1946 full employment law "to make it clear that the government intends to use all appropriate means to protect the buying power of the dollar."

The President did not specify just what he has in mind, but he again called on labor and business leaders to exercise statesmanship to curb the wage-price spiral. And he announced he will set up a Cabinet committee on price stability for economic growth.

4. Passage of new farm legislation designed to reduce heavy federal outlays in that field eventually, and to assure "greater freedom for markets to reflect the wishes of producers and consumers."

As in the case of the others, Eisenhower went into no detail on the farm program. The specific provisions of all the programs will be set forth in a series of special messages to Congress in the next several weeks.

Eisenhower told Congress the nation's economy is strong and healthy, and that the 1958 business recession is fading into history.

"Personal income," he said, "is at an all-time high."

IKE ASKS FOREIGN POLICY DEDICATED TO BUILDING A JUST PEACE IN THE WORLD

WASHINGTON (AP)—Here in outline are the main points of President Eisenhower's State of the Union message today.

Over-all objective: "To promote strength and security, side by side with liberty and opportunity."

Lines of approach:

1. Seek to prevent war at any place in any dimension by assuring strong armed forces without useless expenditures.

2. Maintain a strong and expanding economy, fighting inflation and providing better opportunities for Americans.

3. Pursue a foreign policy dedicated to building a permanent and just peace in a world community of strong, stable independent nations.

4. Strengthen individual freedoms by new legislation in the fields of civil rights and labor-management relations.

5. Work for the cause of freedom under law throughout the world.

N.Y.C. and Pennsy Proposed Merger Runs Into a Snag**By WILLIAM FERRIS**

NEW YORK (AP)—A possibility of other Eastern railroad mergers arose today from the short-lived and busted romance of the New York Central and Pennsylvania railroads.

The Central directors suggested Thursday that a study be made to create three or four rail systems in the East. Pending that, they added, no further steps should be taken toward a corporate merger of the Central with the Pennsylvania.

This was a fairly bitter pill for the Pennsylvania, although the Central directors sweetened it with the statement that they were pleased with results of the merger study and urged immediate "appropriate coordination of facilities which would result in substantial savings."

The possibility of merging the many Eastern lines into three or four major systems has been envisioned for years, with such roads as the Pennsylvania, New York Central, Baltimore & Ohio and Erie each heading one system.

Such a plan would leave the Central and the Pennsylvania in a very competitive position.

It had been apparent for several months that the Central was cooling on the merger idea. Its officials, mostly new to the road, believe they have improved the rail plant to a point where it can make big money with a return of boom conditions.

Two Semis Knock Over Poles; Boy Is Injured

Two tractor-trailer outfits knocked over utility poles in two separate accidents last night, and in a third accident a young North Warren boy suffered a concussion.

Injury was sustained shortly before 8 p. m. when two cars collided on the road to Sugar Grove about three miles from Warren.

State Troopers said Stanley Bratz, 50, of RD 1, Warren, was proceeding west when he made a left turn in front of Philip M. Jewell, 16, of 10 Dartmouth street.

Ralph Lee, 16, of 211 Main street, North Warren, a passenger in the Jewell machine, was thrown against the dashboard by the impact. He was taken to Warren General Hospital and is suffering a concussion, plus bruises and abrasions to the right leg about the knee.

His condition is reported "fair". The accidents in which tractor-trailers snapped off utility poles occurred less than four hours apart.

First was reported at 8:16 p. m. at the corner of Conewango and Pennsylvania avenues.

Police said the truck driven by George Hoyt, 54, of Silver Lake, N. Y. was heading east on Pennsylvania avenue when it swung into Timmis Bros. Motor Lighthouse Station via Conewango avenue to turn around. As the outfit headed back onto Pennsylvania avenue in a westward direction it sideswiped the pole, knocking it over.

Damage was estimated at \$500 to the vehicle, \$300 to the electric light pole.

Second mishap of a similar nature happened at midnight on Route 6 approximately two miles east of Warren.

Officers said a westbound semi skidded and a jackknifing trailer swung around to topple the pole. Damage was estimated at \$100 to the trailer. Operator of the truck was William Morgan, 46, of Rochester, Mich.

Navy Man Bosses' Night Speaker**REAR ADMIRAL DENYS W. KNOLL**

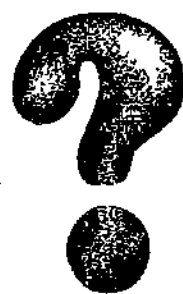

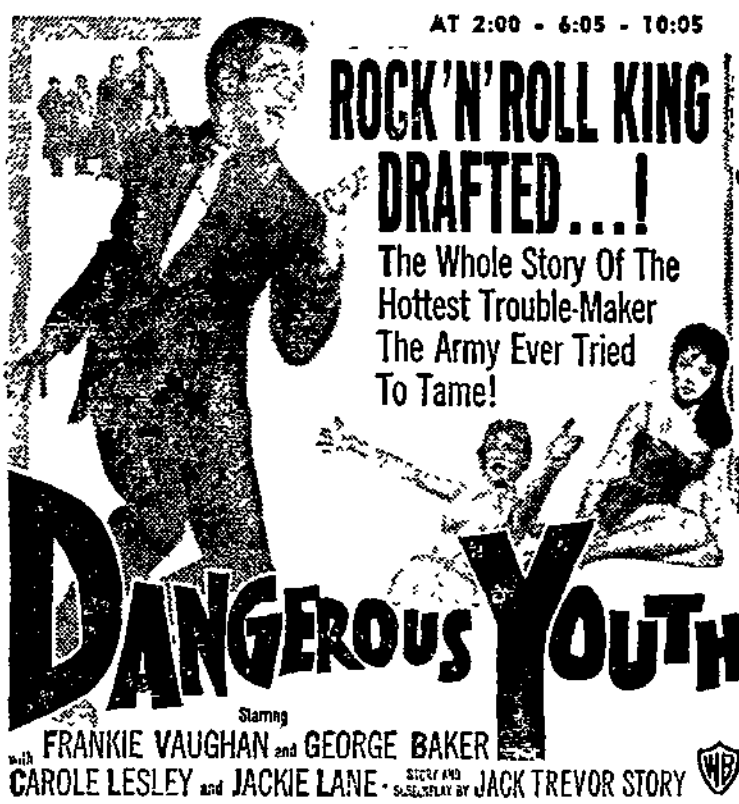

Joyce Week Chairman, Larry Mong, announced today that arrangements have been completed for the guest speaker for the Bosses' Night Banquet on January 22, 1959. Rear Admiral Denys W. Knoll, a native of Erie, informed Chairman Mong that he will be able to appear in Warren for the banquet.

Born and educated in neighboring Erie, Admiral Knoll has served with the U. S. Navy since his graduation from Annapolis in 1930. In November, 1947, he became Director, Fleet Development and Maintenance

Division, with additional duty as Chairman Characteristics Board, where he is now serving.

After graduation from Annapolis, Admiral Knoll was on active duty for the next six years and then attended M.I.T. where he received his Master's Degree in Aeronautical Engineering in 1939. In September, 1941, he was transferred to the 16th Naval District as officer in charge of Fleet Weather Control. Later he joined General Wainwright on Corregidor to assist with naval operations and meteorological problems. He was ordered to leave Corregidor on the U. S. S. Spearfish, the last submarine to contact Corregidor prior to its capitulation. Returning to the United States, Admiral Knoll was assigned to Fleet Headquarters as officer in charge of the Navy Weather Control. Since World War II, he has served on a military mission to Russia, the military staff committee of the U. S. delegation to the United Nations, the U. S. Military Staff Committee and commanded various ships. Admiral Knoll has received many decorations and medals, including the Legion of Merit and the Army Bronze Star.

Admiral Knoll will arrive in Warren on Thursday, January 22, and be taken to the Marconi Club for the dinner. All Jaycees and their bosses will hear an interesting and exciting talk by the admiral and are urged to make their reservations as soon as possible.

Complete 122 Years With Struthers Wells

"BILL" CROUSE

"BOB" WARD

"JIM" ALLEN

Photos by L. Lind

One hundred twenty-two years of faithful service was acknowledged by Struthers Wells Corporation Dec. 30 when a recognition luncheon was given at Penn Laurel Motel for William M. Crouse, Robert E. Ward and James C. Allen.

Said a Struthers spokesman: "To each of these men, Bill, Bob and Jim, we want to express our thanks for a job well done."

They have been great assets to our company and the faithful service of each is appreciated by management. Their good work and fellowship will be missed by all of us and we can only say Good Luck and our best wishes for the years ahead."

Bill Crouse started work with Struthers March 1, 1906 directly from school. He started as mail boy in the cost office and was time keeper in the foundry. In 1916 he was transferred to Estimating. In 1943 Bill was placed in charge of estimating. Through the years he has done a fine job helping the corporation obtain orders.

Bill lives with his sister, Leah E. Crouse at 5514 Fourth avenue.

Bob Ward came to Struthers in January of 1913, a couple years after finishing Warren Business College. He started as time keeper in the foundry and later in the machine shop. In 1925 Bob started in the estimating department. He and Mr. Crouse handled some of the most difficult of Struthers estimating problems. Over the years, said one official, "They have come pretty darn close."

Mr. Ward resides at 3 Berry street, North Warren, with his wife, the former Corabel Godel of North Warren. They have two children, Mrs. Jane Cramer, also of North Warren and John Ward of Albuquerque, N. M.

Jim Allen, after graduating from West Virginia University, and working with Koppers Company and Petroleum Iron Works at Sharon, started with Struthers in 1933 as assistant Chief Engineer. He was in charge of design prior to sales.

This means that it was his job to design units to customer specification to enable estimators to figure the costs, a job Jim did very effectively.

He and his wife, the former Mildred Dunning of Moigantown, W. Va., live in Warren Apartments at 209 Market street.

HOLLYWOOD (AP) — The movie industry's biggest problem for 1959 is starpower.

This column has already explained how 12 top stars virtually rule the picture industry because of their drawing power. Now producers are discovering to their dismay that the draws are not as powerful as they're reputed to be. A topflight industry source told

Modern Version of Parable Of Talents Benefits Many

LOS ANGELES (AP)—"This is a talent," the Methodist minister said, pressing a 50-cent piece into the gnarled hand of the tiny 930 a month janitress. "Use it wisely and it will increase."

And Nicolosa Donlucas listened to the Rev. Nicolas Davila relate Jesus' parable of the talents. As she stood, broom in hand, he explained how some persons can make one coin become many, while others — as told in Matthew — fail to make use of what they have.

That was last summer. Some days later, a timid knock came on his door. It was Nicolosa. She held out \$17.50 to him.

Haltingly, she explained. His half-dollar had paid for some cheese and tortillas. She had made enchiladas and sold them, then bought more cheese and tortillas and sold more enchiladas.

Now she had \$35. Half she was giving to the Methodist-operated community center where she works. Half would finance more enchiladas in her spare time.

In the months that followed, Nicolosa swept and scrubbed and dusted for her living. Her spare moments went to making and selling enchiladas.

One day she proudly showed the minister a bankbook. She had saved \$100.

Ever since she had visited her native Mexico last year, she had worried about the many poverty-stricken people she had seen. She had wanted to help them. At last she knew how.

From a brother in San Luis, Mexico, she had asked names of 33 orphans there and 33 more in the town of Nochistlan. She had written another brother in Mexico to list 33 old people who

hadn't enough to eat.

Thirty-three, she explained, was the number of years Christ lived. "And I want to say happy birthday to the baby Jesus."

So it was that on Christmas Day 66 orphans got gifts from a poor charwoman in the United States, and 33 destitute old folks

who thought they didn't have a friend were given little presents. And because there was some left over, four prisoners in Mexico jails received gifts, too.

None knew who the donor was. Nicolosa would not let them be poor charwoman in the United States, and 33 destitute old folks

her enchilada work, doing what she can with the talent she was given.

If asked about the Christmas gifts, Nicolosa points a calloused finger toward the heavens.

"Thank Jesus," she says. "It was a happy birthday party for Jesus."

YOU MEAN I COULD SAVE A THOUSAND DOLLARS?

We do. And we say so because so many of our every-day depositors save that much and more.

How do I go about it? Start with a small sum, say \$5. Then deposit regularly.

How long will it take? \$5 a week will do it in less than four years; \$10 a week in less than two, and so on — with compound interest from us shortening the time still further.

So waste no time. Start now for your first thousand by opening an account at this strong, friendly bank.

SOCIETY

Women's Gathering At Calvary Baptist

Calvary Baptist church women held their first session of the new year this week, with a good attendance and an interesting speaker. Marjorie Olney, a church member who has spent the past two years touring the United States and Canada as a member of God's Invasion Army, a group of Christian young men and women sponsored by the Baptist General Conference of America, related some of her experiences and blessings in this work.

Mrs. Clarence Swanson, president, opened the meeting with an inspirational New Year's reading, followed by routine reports. A letter from the group's adopted Korean War Orphan was read and a thank you greeting from the orphan and the Jamestown Rescue Mission were read.

The White Cross quota was discussed, and plans made for an all-day sewing session January 21, beginning at 9:00 o'clock, at the annex. The girls

missionary leader reported an afghan finished by the group and presented as a Christmas gift to a church shut-in and plans were made for the girls to tie off a quilt in the near future. Plans to visit Warren State Hospital with music and a program were discussed, and will be followed up at a later date.

Signe Erickson Circle served refreshments, in conclusion. Miss Margaret Titus, Cheshire, Conn., who is visiting friends in this area while recuperating from a broken arm, was a guest.

CIRCLE MEETING

Frances Fulton Circle of Grace Methodist church will hold its January meeting at 7:45 p. m. Monday at Cancer headquarters, where members will make cancer pads.

SKATING PARTY

"Christianity in Action", an undenominational group, will have a roller skating party at Russell Roller Rink at 8:00 p. m. Monday. All young people are invited to enjoy this Christian fellowship.

Begins Teaching Soon

Suzan Pearson Crouse, wife of Gerald Crouse of 4 Brook street, will be graduated January 20 from Slippery Rock State Teachers' College and will begin her work as an elementary teacher in Warren public schools with the start of the second semester. She will succeed Marjorie Daum Petzold, who is resigning to join her husband.

Mrs. Crouse is a graduate of Warren High School, Class of 1954. During the time she has attended Slippery Rock, she has been a member of the Association of Childhood Education; Mu Kappa Gamma, and Gamma Theta Epsilon, and was elected to the honorary education fraternity, Kappa Delta Pi. She was married in November, 1957, to Mr. Crouse, who is employed by New Process Company.

ber, 1957, to Mr. Crouse, who is employed by New Process Company.

Methodist Speaker

The Rev. Theodore H. Leonard will be guest speaker at the 11:00 a. m. Sunday worship in First Methodist church, using the topic "Ambassadors of Christ." At the January meeting of the Methodist Board of Missions, Mr. Leonard was elected a director of the Division of National Missions and was assigned to the Advance Department, with the special responsibility of promoting National Missions projects in local churches.

Mr. Leonard was graduated from Ohio Wesleyan University, holds two degrees from Drew University, and took advance studies at Temple University. He began his ministry in the Philadelphia area, but returned to his home state of Texas until called by the Board. He has traveled extensively through the United States and Hawaii in the interest of missions.

George A. Johnson will direct the music for the service, including an anthem, "Go Ye Into All the World" by McCormick, sung by the choir; a solo, "Indifference" by Anderson, sung by Dr. A. Culmer Schultz; organ numbers: "Benedictus" by

Rowley, "Prayer" by Meale and "Toccata" by Mailley.

Church school meets at 10:00 a. m., with second-hour sessions at 11:00 for nursery and primary age children. At 6:30 p. m., Mr. Leonard will show to Senior Youth Fellowship pictures of his recent visits to Hawaii and Alaska, and James Alexander will have devotions. Also at 6:30, Intermediate MYF will meet in the Events Room to discuss "Entrusted With Power." Michael Miller will lead devotions. Ronald Knopf and Dean Grady will direct the fellowship.

"Daddy, am I included in your will?"

Perhaps you think you can answer "yes" to this question, but — ARE YOU SURE? Even vast wealth and the best intentions, do not assure security for your family after you're gone. Mismanagement can destroy an effective estate plan, thereby making a large estate small, and a small estate inadequate. Assure your family's future welfare and

protection, by naming an experienced and responsible Executor and Trustee to carry out your will. We invite you and your attorney to consider us in that capacity, and to discuss plans for your family's future protection with our Trust Officers. Time doesn't wait. Consult us today!

Spring Creek Family Barely Escapes Fire

A county family of five barely escaped alive shortly after 2 a. m. today when their home near Spring Creek burned to the ground.

Mr. and Mrs. Sylvester Krupa and three children saved only what was on their backs. Spring Creek volunteers responded to an alarm at 2:28 a. m. The home is located on the Knapp Road off Spring Creek-Titusville Road about four miles west of Spring Creek toward East Branch.

Mrs. Krupa reportedly woke up and smelled smoke. Her husband went downstairs to investigate and found an overheated furnace had started the seven-room, two-story frame dwelling on fire.

Mr. Krupa was reported as saying the stairs "were pretty hot when I went down, and mighty hot" when he came back up to rescue his family. The 25 Spring Creek volunteers were able to save the barn, according to Fireman Harold Morton. Chief Paul McKay directed operations in the zero cold.

The Krupa family is now staying with Pete Robinson, a neighbor. Two of the children are of school age, the other is at home.

Damage estimate is not yet complete.

RADIO and TV

By CHARLES MERCER

NEW YORK (AP) — Here are some network programs I expect to watch in the coming week — and my reasons why.

On Saturday Perry Como's guests on NBC include Rosemary Clooney, the Kingston Trio, Jane Wyman. In the past week three viewers have told me they think Como is tired or growing indifferent. Is he?

Also on Saturday over NBC comes the premiere of another Western, "Black Saddle," a series about a one-time gunslinger turned lawyer. Presumably students of Westerns will want to see if they can find a difference between this one and others.

On Sunday, CBS will show a special hour-long series of interviews with new U. S. senators — a first-hand way of discovering what these men are like. Later on CBS there is the first in a new series, "Behind the News with Howard K. Smith," designed to give one a deeper insight into important world events.

Edward R. Murrow's "Small World" presents the second part in an opinionated, animated three-way conversation involving soprano Maria Callas, conductor Sir Thomas Beecham, and pianist Victor Borge.

At 7:30 p. m. Sunday there's quite a choice on all three networks. On CBS Jack Benny is

joined by Barbara Stanwyck in "Autolight," a parody of the drama "Gaslight."

At the same hour on ABC "Maverick" will also do a spoof called "Gunshy," with characters resembling the cast of "Gunsmoke." Same time on NBC is the premiere of "The Music Shop, Starring Buddy Bergman," a live half-hour variety series starring recording artists.

Personally, I'll be watching Benny.

Monday ABC launches its rerun of "Shirley Temple's storybook" with "The Sleeping Beauty." The series will be presented every third Monday. On NBC the Bell Telephone Hour presents "Adventures in Music," offering Harry Belafonte, Renata Tibaldi, Maurice Evans, the New York City Ballet and the Baird Marionettes.

On Tuesday, I'll take a look at Garry Moore's CBS show when his guests will include Ella Fitzgerald, Carol Haney and Andy Griffith.

Friday via NBC Bob Hope presents another of his hour shows. This one is made up of filmed highlights of his recent tour of United States military bases in North Africa and Europe. His guests will include Ella Fitzgerald, Yul Brynner, George Sanders, Hilda Hopper, Molly Bee, Jerry Colonna. Hope's shows are always fun.

Religion in the News

America's pioneer life insurance firm observes its 200th anniversary Sunday, hale and hearty despite an unusual distinction.

It has never contested a claim. The firm is the Presbyterian Ministers' Fund, founded in Philadelphia in 1759 on a charter issued by Thomas and Richard

Penn. sons of the founder of the Pennsylvania colony.

Presbyterians plan to note the anniversary with services Sunday in the old Pine Street church in Philadelphia and a dinner Jan. 27 at the Union League Club in the same city.

The fund began as the "corporation for the relief of poor & distressed Presbyterian ministers

and for the poor & distressed widows & children of Presbyterian ministers."

Three years after its founding, the corporation boasted assets of 5,050 pounds. Now it has 60,000 members holding policies worth 194 million dollars and assets of 68½ million.

Premium rates are low, largely because ministers apparently live longer than the average citizen. Average minister's longevity: 72 years in 1958. Average citizen's longevity: 69.5 in 1955.

The fund also pays a relatively high dividend. About a million dollars a year is passed back to policyholders. This year, another half million will be given out as a dividend for the anniversary. The policyholders are not all Presbyterians (less than 25 per cent) and not all ministers. Some are unordained foreign missionaries; some are theological students; some are wives and children of ministers.

The fund used to take some magnificent troupings, particularly from ministers who married young second or third wives late in life. After a while it was stipulated that a man should pay a double premium in the year he was married.

Some say the fund is the oldest life insurance company founded on modern lines still in existence. The first to serve the general public, Equitable of London, was founded in 1762.

ROTARY SPEAKER

John Stachowiak, member of Warren High School faculty and Warren county probation officer for boys, will be the speaker at Monday's luncheon-meeting of Warren Rotary Club, 12:10 p. m. in the YWCA activities building. Rotary is sponsor of this project, under the leadership of Judge Alexander C. Flick, Jr., and members will want to be brought up to date on its program and activities.

TOASTER SETS FIRE

Borough firemen were summoned at 2:05 p. m. Thursday to the residence of Franz Reiff, 105 Crescent street, where a blaze was reported in the kitchen. Firemen used the booster line from Engine No. 2 to extinguish flames in a cupboard. Damage was estimated at approximately \$150. Cause was blamed on a short in the toaster.

Erie Police Chief Called Before the Fed. Grand Jury

PITTSBURGH (AP)—Erie police Chief Edward V. Williams was called before a Federal grand jury today to give a report of any organized crime in his community.

The grand jury is in the third day of an investigation of racket activities in western Pennsylvania.

About 30 persons from the Erie area have been summoned to tell what they know of vice and crime in the Lake City. Eleven of them testified Thursday. Asst. U. S. Atty. Thomas J. Shannon said their testimony was productive.

Williams told newsmen that there is practically no vice in Erie, but that "there is some numbers play." He indicated, however, he felt there may be an active link between some racket figures in his area and those in Pittsburgh.

One of the Erie witnesses, Liborio Arnone, was called to testify immediately when he produced a medical report stating he had a heart condition.

James Salamone of Erie provided some excitement in the corridor near the grand jury room by trying to avoid photographers. He ran for an elevator, then changed his mind and posed for pictures.

What you should know about

POLIO

WHEN is the "polio season"? While the highest incidence occurs during the summer months, paralytic polio strikes during every month of the year. An epidemic may break out at any time, anywhere.

WHAT is required for maximum protection against paralytic polio? Three injections of Salk anti-polio vaccine. The first two given 2 to 6 weeks apart. The third, 7 to 10 months later. Records covering millions of cases prove that the vaccine is safe and effective.

WHO should be immunized with anti-polio vaccine? Although it is most important for children, young adults, expectant mothers and parents of young children to be immunized, all individuals through age 40 should take advantage of the protection afforded by anti-polio vaccine. Nearly one-fourth of all paralytic polio victims are adults and it is adults whom paralytic polio hits hardest.

BECAUSE we, as pharmacists, share your doctor's interest in preventive medicine, we urge you to call him TODAY to arrange for the polio immunization of your family and yourself.

Early Ordering of Seedlings Urged By Department

HARRISBURG: Maurice K. Goddard, Secretary of the Department of Forests and Waters, has announced that early ordering of tree seedlings for reforestation purposes is advisable. Insuring reservation of stock for next spring requires compliance with the February 15th deadline for ordering. Since the supply of all species is limited, orders will be given preference as received.

Seedlings still available include: White Pine, Red Pine, Banks Pine, Pitch Pine, Austrian Pine, Norway Spruce, White Spruce, Hemlock, Japanese Larch, Green Ash, Multiflora Rose, Chinese Chestnut.

Secretary Goddard further advised that trees from state forest nurseries are not to be planted for ornamental, Christmas tree, or landscape purposes. Applications for trees to be obtained during the spring of 1959 must be mailed to the Harrisburg office of the Department of Forests and Waters by February 15, 1959. The minimum order acceptable is for 1,000 seedlings, with 500 being the minimum number of any one species.

The Department of Forests and Waters has prepared a circular describing the kinds of trees available, methods of planting and other information, which may be obtained upon request. Landowners may obtain detailed information and applications for ordering trees by writing to the Pennsylvania Department of Forests and Waters, Education Building, Harrisburg, Pennsylvania.

In presenting his announcement to the press today, Secretary Goddard said, "Idle land, marginal and submarginal agricultural lands, may profitably be planted to forest trees. In addition, cover for game is improved, watershed values are increased and the landscape is beautiful."

with the ace and I signaled with the six of spades.

"South led the deuce of clubs and allowed my queen to hold his trick. At this point it did not matter what I led. He had 10 tricks in high cards and I was squeezed in diamonds and spades for the eleventh. If I had discarded my queen of clubs on the second heart lead South would have had no way to run the club suit without first letting my partner in the lead and he would have been set. Should I have made this discard?"

The answer is that he certainly should have. That queen of clubs was worth nothing in his hand because if South held the jack the whole club suit had to be good. He should have jettisoned it to give his partner a chance to get in the lead if he did have those three clubs to the jack.

Incidentally, it is worthy of note that South could have made the hand surely by winning the first heart, but South could not have been certain that East's three heart bid showed a seven card suit.

Instead of two clubs your partner has bid three spades over your one no-trump rebid. What do you bid in this case?

By HAL BOYLE

NEW YORK (AP)—The look of Manhattan is changing rapidly now under the impetus of the greatest face-lifting program in municipal history.

Landmarks are being torn down and buildings are rising as the brisk winds of the present blow the dust of the past in the pedestrian's eye.

At lunch hour, particularly in fair weather, the sites of the climbing new skyscrapers are surrounded by pale-faced office peasants. They are fascinated by the sight of their fellow men earning a living by the sweat of their brow and the use of their hands under the open sky.

Watching a couple of steelworkers nonchalantly stroll across a girder high overhead, one office peasant turned to a friend and said: "They are men. They are real men!"

In his voice was a mixture of admiration and wistful envy—a conscious expression of the realization that in the aristocracy of manhood the outdoor man has an edge over the indoor man.

The wife of the indoor man may feel that her husband is superior in some snobbish way to the rugged outdoor man, but the indoor man himself has no such illusion. He often feels his white collar is more of a badge of slavery than a symbol of success.

The indoor man, caught in the gray dismay of civilization, often finds it hard to see the importance of his work—whether he merely shuffles papers, sells neckties, arranges divorces, writes toothpaste ads, or answers the telephone for someone else above him.

He often has a trapped feeling. He has left nature too far behind. He can control his climate by turning a knob at home or at the office. Sometimes as he does this he can hear life whistling by in the wind outside his window. And he knows he is missing something.

The indoor man misses the joy of natural achievement that comes to the outdoor man—the farmer raising crops, the sailor taking a ship across the sea, the forester quelling a timber fire, the bricklayer raising the wall of a new home.

The greater creature comforts he enjoys do not compensate the indoor man for what he has lost. He neither sweats nor freezes at his job. He is usually just lukewarm—and he knows it.

The outdoor man realizes this fact, and as a result he always feels he has a clear and definite edge over the indoor man. The humblest hodgepodge cannot help looking down on a lawyer—that is, if he isn't in the lawyer's office.

The indoor man does the paper work of civilization and most of his problems are nervous ones. He is essential but often doesn't feel he is. The outdoor man handles the muscular work of civilization, and he can see the result of his labors in visible growth—a stand of waving wheat, a new road through a swamp, a bridge across a river, a new building in the skyline. He is essential, and he knows it.

Inside every indoor man, home-sick for nature, is an outdoor man yearning to be free. But only old age or enfeeblement will drive the outdoor man indoors, and he is never again as happy.

Sylvania Employee Awarded Diploma In Engineering

Robert G. King, 68 Linda Lane, Warren, recently received his diploma from the International Correspondence Schools, Scranton, following completion of the fourth and final division of Mechanical Engineering, according to L. E. Johnsen, area representative of the I.C.S. Mr. King is employed as a Machine Designer with Sylvania Electric Products, Warren.

Mr. King and Mr. Johnsen both started with I.C.S. about the same time, 17 years ago. Mr. King, being one of Rep. Johnsen's first students in 1941, enrolling in Machine Shop Practice while employed as an apprentice machinist with National Forge, Irvine, and completed this course before entering the service. He served from 1942 to 1945 in the U. S. Navy as a motor machinist.

Upon discharge he was employed at Struthers-Wells Corp., Warren, as a machinist and enrolled in Drafting with I.C.S. through the G. I. Bill. In 1950 he went to work for Sylvania Electric in Warren as a machinist and enrolled for the I.C.S. course in Machine Design. Upon completion of this course, he was promoted to the Engineering Department as a Machine Designer.

In 1955, he enrolled for a selected unit course with I.C.S., working toward completion of Mechanical Engineering and in February, 1958 enrolled for his fifth course and final division of Mechanical Engineering, completing it in December, 1958.

Mr. Johnsen stated that while a period of 17 years elapsed from the time Mr. King first enrolled there were a few years of non-study, which points out the advantage of correspondence instruction, studying as time permits while a student is gaining experience and training for his next promotion.

Another one of Rep. Johnsen's first students enrolled in 1941 was promoted to Chief Engineer at one of the local industries about two years ago. Many of his students enrolled over the past 17 years are now C.P.A.'s, Professional Engineers, Industrial Engineers, Accountants, Plant Superintendents, Sales Manager, Foremen, etc. Many of these students started out with their present position, others left to take better jobs as they became qualified, proving that there is still opportunity in this country for those who will work and prepare themselves.

High School Notes

The Dragon wrestling team downed the Oil City Oilers 35-5 last night at Beaty Gym. The Dragons won 10 of the eleven bouts. Larry Campbell, Rich Cummings, Gail Page, won by falls while Craig Brian, John Colvin, Andy Larson, Dean Lester, Bob Long, Jim Marshall and John Mead won by decision. The J V wrestlers also won last night.

A dress-up pay dance will take place at the SPOT Saturday night from 8:00 to 11:30.

NOTICE FOR BLACK AND WHITE SHOW

A last-minute reminder was issued today for persons planning to exhibit prints in the Black and White show to be held at the Library January 15, 16 and 17, that pictures must be in the hands of Mrs. Phil Coyle at the Public Library by closing time tonight. The exhibit will be open to the public and it is anticipated it will excite wide interest.

Dorothy Roe Says

By DOROTHY ROE
Associated Press Women's Editor

America's most elegant women live either in New York or in smaller cities such as San Diego, says Antoine, Parisian dean of hairdressers.

After a two month tour of American cities, his first in several years, the temperamental and fabled Antoine airs his views of the American scene, feminine gender, as follows:

"Small-town women often are better-dressed than those who live in big cities. San Diego women, for instance, are much smarter than those of Los Angeles. San Francisco women are charming, but the elegant ones live in the clouds — you never see them in public. Those seen in restaurants look neat and clean, but styled by mass production."

As to other cities visited during his tour, here are his ratings: Washington: "Women dress much more formally than in other sections, but are inclined to be stiff."

Philadelphia: "As to elegance, very poor."

Hollywood: "It's not real, everybody's on exhibition."

Houston: "It's so big you never see women walking — only riding in cars."

Chicago: "There's only one good thing about Chicago — the lake."

Antoine says he finds few mistakes in good taste among American women but there is a lack of individuality.

"Everybody is too rushed here," says he. "People don't have time to be different. Buyers order dresses by the thousands, and customers buy them the same way. If every woman has the same hairdo, it's because the hairdresser is too busy to be creative."

And he predicts a trend to greater simplicity in both dress and hair styles, because: "Designers cannot change the lives of women. Today's way of life makes simplicity a necessity."

Oddities in the News

SUN VALLEY, Idaho (AP) — Those tough guy television programs probably contribute to juvenile delinquency, says mystery writer Erle Stanley Gardner. He told the National Assn. of County and Prosecuting Attorneys that such programs, but he said the real solution is for TV networks to substitute something else.

SAN ANTONIO, Tex. (AP)—At the robbery trial of Calvin Lee Hughes, defense attorney Archie Brown asked Marvin Laskowski if he knew what would happen if he told a lie on the witness stand. "Yes," answered Laskowski. "What?" Brown pursued. "I'd go to hell," Laskowski said. Prosecution and defense agreed the 10-year-old was qualified.

LOS ANGELES (AP) — Bare facts won a divorce for 40-year-old Mrs. Nadine Morris. She testified her husband, Mitchell Morris, 45, wanted her to become a nudist, and that his fellow nudists walked around "like Adam and Eve" when they came to dinner. "I didn't like that sort of thing," she said.

LOS ANGELES (AP) — Despite the spectacular successes of the Atlas satellite, the Air Force Materiel Command does not intend to abandon the Titan intercontinental ballistic missile program.

Maj. Gen. Ben I. Funk, commanding the ballistic missiles center in nearby Inglewood, says plans are being made for operational Titan weapons to be launched from underground sites.

Addressing purchasing agents of Los Angeles Thursday night, Gen. Funk said one of the underground Titan sites probably would be located at Vandenberg Air Force Base, 150 miles northwest of Los Angeles.

March of Dimes Expanded Drive Now Under Way

Chairmen of key committees for the 1959 March of Dimes were named today by Mrs. F. L. Iseman, Warren County campaign director. The expanded drive is being held here January 2-31, and is being organized by the Zonta Club of Warren.

The campaign director said chairmen and volunteer committees face a new challenge this year. Not only must polio aid be continued, but support must be provided for a greatly expanded health program launched by the National Foundation.

The campaign director described the new program as a flexible one that can move in any direction, its research findings indicate. The organization's experience in the past has shown this to be the surest way to encourage scientific "break-throughs," he said.

Initially, however, the attack will be focused on polio, virus diseases, arthritis and birth defects. Patient aid will be offered to victims of arthritis and congenital malformations of the central nervous system through age 18. Polio aid will be carried on as before for all patients needing help.

"Arthritis and birth defects are major health problems in our country," the campaign director said. "At least 11,000,000 are affected by arthritis and rheumatism, the nation's number one cripple, while 250,000 infants are born each year with some form of defect. We believe we can find ways to help many of them if funds are supplied by the American people."

"In extending our attack to new diseases, we are faced with new demands on our time and money. I know everyone will want to get behind the 1959 March of Dimes this January as it marches on Toward Greater Victories."

Mothers' March, Mrs. Mary Dickerson; 1st Annual March of Dimes Bowling Tournament, Norman Wooster; Dime Cards, Mrs. Doris Weiler; Publicity, Mrs. Ursula Johnson; and Treasurer, Mrs. Florence C. Monroe.

tional disarmament. The United States and Britain are negotiating at Geneva with the Soviet Union for a ban on nuclear weapons testing.

In words clearly relating to that and any other negotiations with the Soviets, Eisenhower said: "We can have no confidence in any treaty to which Communists are a party except where such a treaty provides within itself for self-enforcing mechanisms."

The President related the whole United States military effort to the task of achieving peace. The first aim of this nation's policy, he said, is to "prevent war at any place and in any dimension." The second aim is that if a local dispute should flare into armed hostilities the problem would be to keep the conflict from spreading.

The United States realizes, he said, that the world is uneasy because people believe that "arrogance, miscalculation or fear of attack" might lead to a catastrophic war.

"We cannot build peace through desire alone," he said. "Moreover, we have learned the bitter lesson that international agreements, historically considered by us as sacred, are regarded in Communist doctrine and in practice to be mere scraps of paper."

Uncle Sam Planning to Borrow \$3 1/2 Billions

WASHINGTON (AP)—Uncle Sam plans to borrow 3 1/2 billion dollars next week.

The Treasury, in announcing its first offering of long-term bonds in seven months, said it will try to market 750 million dollars of 4 per cent, 21-year bonds priced at 99 per cent of face value. The bonds at this price will yield about 4.07 per cent.

In addition, 2 1/2 billion dollars of notes will be offered with an interest rate of 3 1/4 per cent. They will be priced at 99 1/2 per cent of face value to yield about 3.45 per cent.

The total is about 1 1/2 billion more than the Treasury had been expected to seek at this time.

COURT HOUSE

WARFARE RESUMES

Another Court House feud apparently is on the verge of reopening. The court was requested this morning to look into the audit of prothonotary office accounts from the year 1948 to 1956. County commissioners apparently suspect the county has not been receiving all the money to which it is entitled by interpretation of law. All previous commissioner suspensions have been found groundless by the court during approximately two years of expensive legal procedures.

ATTEND FUNERAL

Mr. and Mrs. Henry Hunter were in Punxsutawney Thursday to attend the funeral of their infant grandson, Bradley Laverne, son of Mr. and Mrs. Douglas Hunter, formerly of Warren. Accompanying the couple were their son and daughter-in-law, Mr. and Mrs. B. E. Hunter, also of Warren.

HOT COUNCIL SESSION

Fluoridation opponents are not giving up. When Council convenes at 7:30 p. m. Monday in the Municipal Building a large delegation is expected to be on hand for vocal fireworks. There may be a beginning of a movement to beseech commissioners to put the matter to a public vote. Also on the agenda: accept a proposed budget, appoint a sewage plant administrator, buy a big truck.

BUFFALO EGG REPORT

Thursday, Jan. 8 — Receipts were barely adequate for mediums. Other sizes were adequate. The demand was moderate to good in a fully steady market.

Illinois Nimrod Is Sentenced

plead guilty to the charge it did not acquit him of civil responsibility in the case.

Attorney Harold Hampson, who represented Tolen, said that some mitigating circumstances might be mentioned but that his client had stated he wished to assume full responsibility for the accident.

Tolen was here in Warren County hunting on an all expense paid trip for having performed a fine job for his Illinois employer.

The law also provides that Tolen lose his hunting and trapping privileges for five years. This will not bother the man since he told Judge Flick he had already "learned his lesson", and given up the hunt of the deer.

The crackdown on persons issuing worthless checks continued during the session.

Dietrich Gray, 34, who handled Emory, Mahan a worthless check for \$2,177 for a new Rambler was sentenced to not less than eight and no more than 23 months in Allegheny County Workhouse.

Chief Deputy Sheriff Don Allen, Jr. told the court how Gray had come to the Rambler agency a few times in company with a local woman and child. Then, on Saturday afternoon when banks were closed he gave the check for a new car. Also part of the transaction was a "hot" car fraudulently obtained in Illinois.

Gray was apprehended in Spirit Lake, Iowa, on a minor traffic infraction and after completing his parole in Illinois was brought back. Deputy Allen said he has a detainer from that state to present when Gray leaves the workhouse.

Gray had one of the more colorful records ever presented in Warren County Court. According to Allen, the man had been arrested more than 100 times on a variety of minor charges from 1946 to 1952.

Ronald L. Kennedy, early 20s, of Titusville, was told by Judge

JUNIOR HOODS

TO BE SENT AWAY

This afternoon, Judge Flick was to deal with those three juveniles who burglarized Morrell's Restaurant, Lewis Market, Warren Beverage, Penn Bowling Lanes and Warren Super Market. The trio, aged 15, 16 and 17 (when arrested, the eldest is now 18), is expected to be assigned to various "training schools" where, according to their reception, they may spend five months or stay on until they reach 21. Juvenile sentences are indeterminate. Two of the juvenile delinquents are brothers.

Flick said he'd better join the Marine Corps or spend time in jail for cashing some worthless checks in Warren last October.

This equation of jail with armed service came about when Kennedy told the court he had been turned down by the Army but that the Marines would take him "after the holidays." He cashed a small bogus check in a local club but was tripped up by his own carelessness in criminality: the young man had signed his right name when he entered the club as a guest.

Sentence was deferred until March 13, after which Kennedy will wear his nation's colors or prison denims.

Another offender escaped immediate sentencing when Judge Flick asked him if he thought a little observation at Warren State Hospital might straighten him out. Nodding yes was Florence "Jo" DeLoey, mid-20s, sometimes of New Jersey.

The judge deferred sentencing for 90 days until he had received the hospital report. Officer William Hewitt testified that on Dec. 10 DeLoey had cashed a small worthless check at Warren Super Market and another in Frewsburg. He has been in the county lockup since.

Three drunken drivers were sentenced, two of whom told the judge (one with an authorized backer) that they had never drunk before and certainly never would again. Sentences were the usual except for the instance of the Russell resident who had police a merry chase up Market street to the three lane highway by the state hospital. He was given double the usual fine of \$100. The third drunk driver took his medicine stoically, offering neither explanation nor excuse.

Seven cases of non-support were heard and the professionals in the racket were beginning to notice an increasing severity for those missing payments.

Planes Searching for Airliner Carrying Ten

KINGSPORT, Tenn. (AP)—Planes took off early today to search mountainous upper east Tennessee for a Southeast Airlines DC3 missing and presumed crashed with 10 persons aboard.

The plane was last heard from at 8:32 p. m. (EST) Thursday night when it checked with the Tri-Cities Airport during a landing approach. It had flown from Memphis, with stops at Nashville and Knoxville, to the airport which serves Kingsport, Johnson City and Bristol.

The seven passengers and three crew members were from Tennessee, the only state served by the line.

West Berlin Discussed

all troops be pulled out of Berlin. But, he told newsmen in Detroit, the U.S.S.R. regards its proposals for a settlement of the Berlin problem as "good and reasonable."

Asked if he would propose an East-West compromise on withdrawal of troops, Mikoyan declared: "We already regard our proposal as a compromise. We don't suggest that Western troops be withdrawn and replaced by other troops."

Mikoyan's comments came in response to reporters' questions on a Soviet proposal which would make West Berlin a demilitarized "free city."

Mikoyan, currently on a tour of U.S. cities, made a brief speech urging cooperation for an enduring peace and said there is a "great deal of mistrust between us and we cannot do away with it all at once."

His remarks today followed a session of blunt talk on war and peace Thursday night to a group of captains of American industry at one of the Midwest's most exclusive clubs.

Inside the Detroit Club Thursday night Mikoyan attended a private dinner given in his honor by Walker Ciesler, president of the Detroit Edison Co., electric utility. Some 60 leaders of business and finance of this automotive capital of the world listened attentively to an appeal by Mikoyan for an end to the cold war and the beginning of a "hot" peace between the Soviet Union and the United States.

Outside the club, a crowd of some 300 screaming refugees from Hungary and other Iron Curtain countries disregarded President Eisenhower's plea for courtesy to the Soviet visitor and tossed eggs and snowballs in his direction. They hollered insults and paraded with a coffin and anti-Communist placards.

Earlier in the day, Mikoyan had kept up a rapid pace of activity. In the morning he flew from Cleveland to Detroit. He visited the Ford Motor Co. research center, the engine plant, the assembly line at the River Rouge plant and then had a private luncheon with a dozen top-ranking Detroit business executives atop the Ford administration building. In the afternoon he continued his inspection of the motor industry with trips to General Motors and Chrysler.

tatorship and oppression. The path ahead will not be easy, he said, and the cooperation of every Cuban is needed to put the nation on the road to full freedom, happiness and prosperity.

The capital had been well on its way to normal, but all business and industry came to a quick halt at the word that the hero had come. Virtually the entire population of 1,225,000 poured into the streets to clap rhythmically and cheer as the leader and his bearded warriors made their slow way through the city. It was the biggest hero's welcome Cuba had ever seen.

With an escort of tanks, autos and other vehicles, Castro proceeded at snail's pace through the surging crowds to the presidential palace.

There he was met by provisional president Manuel Urrutia, who called him "The Great Son of the Cuban People." Urrutia described Castro as the most self-sacrificing fighter in Cuban history and a man who has not taken power himself but who has been content to place it in the hands of civilians.

ter for this post would be regarded as a slap at organized labor and as a salute to the party's conservatives.

Goldwater was re-elected in November in a contest in which he attacked what he said was organized labor's use of union dues collected under compulsion for political purposes. Goldwater also has been an advocate of right-to-work laws fought by unions.

Goldwater had headed the Campaign Committee once before.

Saltonstall, who has the primary power of appointment, said he has not made up his mind about the Campaign Committee chairmanship. His recommendation is subject to ratification by the 34 Republican senators when they meet early next week.

Goldwater was one of the conservative bloc which backed Sen. Everett Dirksen of Illinois for the floor leadership when Dirksen defeated Sen. John Sherman Cooper of Kentucky, candidate of a rebellious group of GOP liberals.

Bible Words for Today

ROMANS 12:6 — "Having gifts that differ according to the grace given to us, let us use them." (RSV)

In an age so marked by conformity, it is good to remember that God prefers variety. Indeed, He has ordained it to be so! No two flowers are the same, no two sunsets are identical, no two snowflakes are of similar design.

In like manner His human creations abound in dissimilarities. No two of us are exactly alike. God makes no "carbon copies" in His intricate work of creation.

Yet, in the amazing economy of God, nothing is wasted. The gifts of each one are essential to His kingdom and glory. To you only have been given the talents to produce that which God wishes from you. If you fail to use these gifts of skill and personality that are uniquely yours, the world will be poorer, for no one else can contribute your share exactly as God intends. Let us consider well, then, the stewardship of the talents He has given to each one. Release fully into the stream of life the measure of the gifts God, through His grace, has accorded you.

Mrs. Eisenhower To Be Chairman Of Heart Drive

Mrs. Dwight D. Eisenhower will serve as Honorary Chairman of the 1959 national Heart Fund campaign and Dr. Paul Dudley White will serve as Honorary Co-Chairman, making their second successive year as campaign aides in these capacities.

Announcement of the appointment of the First Lady and the Boston heart specialist was made by Charles Perry McCormick, Baltimore industrialist, who is National Campaign Chairman.

Noting that the 1959 Heart Fund campaign is based on the theme "Thanks to You, Your Heart Fund Saves Lives," Dr. White, a past President and founder of the American Heart Association, said: "Diseases of the heart and blood vessels are the chief cause of death in this country, attacking young as well as old and accounting for more than 54 per cent of all fatalities. Fortunately during the last decade great and encouraging advances have been made in the increase of our knowledge about heart and circulatory diseases, their various causes, diagnosis and treatment, both medical and surgical."

"Through continued public support of the Heart Fund and the Heart Association's research, education and community service programs, we can look forward to even greater advances in the years to come," Dr. White said.

"Ever-increasing public support of the Heart Fund has made it possible for the Heart Associations to carry forward its vital work. We can measure the returns we have had from our Heart Fund investment in terms of the lives prolonged and saved," he concluded.

Bomb Scare at Lebanon Gives Pupils Holiday

LEBANON, Pa. (AP)—Some 750 students at Harding Junior High School got a half-day holiday because of a bomb scare.

An anonymous telephone call was received shortly after 8 a. m. that a bomb was planted in the building.

Students who had already reported were sent home. Others were turned back at the door. All were instructed to return for the afternoon session.

A search of the building failed to turn up a bomb.

One-in-a-Million
Infant Starting
Her Second Year

LOS ANGELES (AP)—She's a one-in-a-million baby.

That's the chance for life that doctors gave her when she was born.

But Lorna Luverne Hazelwood started her second year of life today, a plump, healthy 17-pounder.

She was born 100 days premature, so fragile that she couldn't be weighed. At 10 days she scaled just 1 pound 8 ounces.

She was nourished by transfusions and formula meals from an eyedropper.

Doctors say that in five or six years she will catch up in size to children of normal term birth.

On Lorna's first birthday Wednesday, her mother, Mrs.

Mrs. Harold E. Miller, of 18 N. Irvine street, looks on as William Sheldon, installer for the Bell Telephone Co., of Pennsylvania, changes the Miller's telephone to a dial set, the 10,000th instrument to be converted. All Warren telephones will be changed to dial by the middle of January in preparation for the change which will occur in June. Photo by Stoke.

Howard Hazelwood, cuddled her and said:

"My husband is missing a lot, not being here. He was washing some clothes for me, caught his hand in the wringer, and so he's in the hospital. But he knows one thing—the name he picked for our child was the right one.

"Know what 'Lorna' means?"

"Symbol of victory."

Duff in Capital
For Inauguration
Of Senator Scott

WASHINGTON (AP)—Where is ex-Sen. James H. Duff (R-Pa.) and what is he doing? That's a question that frequently pops up in Washington.

ator and one-time Keystone State governor turned up Wednesday at an inauguration reception for Sen. Hugh Scott (R-Pa.).

Duff and his wife spent the larger part of an hour at Scott's reception shaking hands with Scott partisans from all over Pennsylvania.

Since he left the Senate in January, 1956, Duff has been affiliated with a Washington law firm and although living in Washington has also maintained a country home in Maryland.

The mystery concerning his activities has revolved largely about his non-participation in Pennsylvania and national politics.

JAMES H. DUFF

"I am practicing law and am spending a lot of time in the country," Duff told a newsman who bumped into him.
